Children with Special Needs Fund

...enhancing the lives of children with special needs in Michigan since 1944

What is the Children with Special Needs Fund?

The CSN Fund provides support for children in Michigan with special health care needs when help is not available through any other funding source.

The Fund was created in 1944 when Dr. and Mrs. James Pardee donated 1000 shares of Dow Chemical stock to the State of Michigan. Dr. Pardee was a co-founder of the Dow Chemical Company.

The Pardee's gift remains a major portion of the Fund. It has been supplemented by donations from other individuals for over 60 years. This generosity has enabled the Fund to help tens of thousands of families.

The Fund is administered through the Michigan Department of Community Health.

The Fund operates entirely on donations. No tax dollars are ever used.
